LEARNER ASSESSMENT SUBMISSION FRONT SHEET

Learner Name	Maksym Puhach
Assessor Name	Neil Wickham

Unit	13 - Website Development
Assignment Title	3: Develop and Test a Website

My Literacy Targets
Improve your literacy and try to make as few mistakes as possible

My Numeracy Targets
Make a site with your own unique design, try to do it all in the best possible way, and complete all the tasks that are required of me

Learner Submission Declaration	
I certify that the evidence submitted for this assignment is my own. I have clearly referenced any sources and any artificial intelligence (AI) tools used in the work. I understand that false declaration is a form of malpractice.	M.Puhach

Introduction

In this task I will design a website according to the World Mobile Station plan, my goal is to achieve a perfect performance of this task

Refinements

I added videos to the pages so that people could get more information, I used a font that looked nice and harmonious with the background of the site page and was easy to read, I made a convenient menu for using the site. Also, a Java script was added to the site, which allowed the columns containing photos and information to be converted into text for ease of use.

to me

I visited this site and it made a good impression on me, the site is quite accessible, which makes it easy to use this website. The site is informative and helped me find new information about mobile devices. The site itself is quite nicely designed, I like the style of the combination of the font buttons and the main menu, it gives the site a great look!

to me

This website is very cretly and I am a learner of HTML. I think this website perfectly describes a high level of understanding parts to make it very interesting, easy to use and pleasing to the eye.

Thanks, I'll check it out. Thanks for the tip! Very interesting!
